

INVITATION

Sidra Symposia Series

Functional Genomics Symposium

Sidra Medical and Research Center invites you to register to their forthcoming Functional Genomics Symposium.

This symposium will focus on advances in functional genomics and in genomics medicine; address the impact of genetic studies on complex disorders and rare diseases; share insights into functional mapping of the human genome and its impact in precision medicine and provide an opportunity for discussion and interaction with international leaders.

An exhibition from world-leading technology and service providers will run in parallel with the presentations.

This symposium is directed towards academia, researchers, physicians, healthcare providers and regulatory agents involved in the field of genomics and genomic medicine.

Date: 13 - 14 December, 2015 **Time:** 8am - 6pm

Venue: Qatar National Convention Center, Doha, Qatar

Registration, abstract submission and further info:
events.sidra.org

Abstract submission closes on 15 October 2015
Registration to attend is mandatory by 3 December 2015

INTERNATIONAL SPEAKERS INCLUDE

Clare Turnbull, MA, MSc, PhD, MRCP
Genomics England, UK

David R Bentley, DPhil, FMedSci
Illumina Inc, USA

Eric Boerwinkle, MD, PhD
University of Texas, USA

Stephen F Kingsmore, MB, BAO, ChB, DSc, FRCPath
The Children's Mercy Hospital, USA

Myles Axton, PhD
Nature Genetics, USA

Jeff Gulcher, MD, PhD
WuXi NextCODE, USA

Gabe F Rudy
Golden Helix, USA

David B Jackson, PhD
Molecular Health GmbH, Germany

Howard Jacob, PhD
Hudson Alpha Institute for Biotechnology, USA

Yijun Ruan, PhD
The Jackson Laboratory for Genomic Sciences, USA

and many more...

ADMISSION \$300
